

FOX COLLEGE
GUIDE TO STUDENT CONSUMER INFORMATION
July 1, 2021-June 30, 2022

Federal regulations set forth by the Higher Education Act of 1965, as amended, require schools to annually distribute to all enrolled students information about the availability of specific types of consumer information. To comply with these regulations, Fox College has prepared this guide, which lists the types of consumer information to be disclosed, provides a brief description of the information, and directs the student to the location where the information is available.

A variety of financial plans are available to assist qualified students in securing an education, regardless of financial status or family income level. Fox College offers individual financial planning sessions for each student and family. Information about these plans is available from the STUDENT SERVICES department.

Available Student Financial Assistance Programs

Descriptions of available federal, state, and institutional sources of student assistance, terms and conditions of loans, eligibility criteria, application procedures, recipient selection criteria and criteria to determine award amounts, methods of disbursement, student rights and responsibilities, and the exit counseling information the institution provides and collects are available from the STUDENT SERVICES department.

Satisfactory Academic Progress Standards

Students must maintain a minimum grade point average (GPA) and a minimum successful course completion percentage in order to remain enrolled and receive financial aid, if applicable. The Fox College Standards of Satisfactory Academic Progress policy can be found in the academic catalog in the ACADEMIC INFORMATION section.

Notification of Rights Under the Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act affords students certain rights with respect to their education records. They include the right to 1) inspect and review these records, 2) request an amendment to the records, 3) consent to or restrict disclosures of personally identifiable information in the records, and 4) file a complaint with the U.S. Department of Education concerning the institution's failure to comply with the requirements of FERPA. The Fox College FERPA policy can be found in the ACADEMIC INFORMATION section of the academic catalog.

Information on tuition, fees, and estimated costs for textbooks is located in the FINANCIAL INFORMATION section of the academic catalog. Additionally, estimated student living expenses are available from the STUDENT SERVICES department.

Nondiscrimination in Education Programs and Activities

Educational institutions receiving federal financial assistance are required to comply with Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Title VI of the Civil Rights Act of 1964. These federal laws prohibit discrimination on the basis of gender, including sexual harassment and sexual violence; sexual preference or identity; genetic information; race; color; religion; national origin; age; veteran status; and disability in the education programs and activities that they operate. Fox College is subject to these laws and complies fully with them in the enrollment of students, the hiring of faculty and staff, and in all other activities of the school. The Chief Academic Officer, who is identified in the ADMINISTRATION, FACULTY, AND STAFF section of the catalog and who may be reached by phone at 708-444-4500, by email at title9coordinator@foxcollege.edu, or by mail or in person at 18020 S. Oak Park Ave., Tinley Park, IL 60477, is the Title IX Coordinator. Questions regarding Title IX may be referred to the Title IX Coordinators or to the U.S. Department of Education Office for Civil Rights. Students, faculty, and administrative employees are encouraged to bring any complaints or reports of discrimination to the coordinator's attention. Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address or by mail to the office address listed for the Title IX Coordinator. The matter will be investigated promptly, and both parties will be notified in writing about the outcome of the complaint. Appropriate follow-up will be implemented to assure that no person associated with the college is subjected to unlawful discrimination. Individuals who report discrimination will not be subjected to any retaliation for doing so. The policy can be found in the academic catalog in the GENERAL INFORMATION section.

Refund Policy and Requirements for Return of Federal Title IV, HEA Grant or Loan Aid

Students who withdraw or who are dismissed during a semester or term may be refunded a portion of the tuition and fees charged. The amount of the refund will be governed by the standards published by the state of Illinois. Refunds shall be based on and computed from the last day of attendance and shall be made within 45 days of the date a student withdraws or the date of determination of withdrawal if a student does not notify the school of his/her intention to withdraw. The complete refund policy can be found in the FINANCIAL INFORMATION section of the academic catalog. Questions about refunds of tuition, fees, and other charges should be referred to the office of the CHIEF ADMINISTRATIVE OFFICER.

The Refund Policy also includes information on the treatment of federal Title IV, HEA grant or loan aid upon withdrawal. Basically, regulations allow the college to keep the amount of federal Title IV aid that is equivalent to the amount of time the student has been in attendance, except during the first 30 days of a new student's first semester when the school is sometimes not allowed to disburse a Stafford loan.

Requirements and Procedures for Official Withdrawal

Students who find it necessary to withdraw from a program should have a preliminary interview with the Chief Administrative Officer or Chief Academic Officer. The student is also required to have an exit interview with a representative of the Student Services department. The procedures for official withdrawal from the college can be found in the ACADEMIC INFORMATION section of the academic catalog.

Academic Program, Instructional Facilities, and Faculty Information

Fox College offers four specialized associate of applied science degree programs. A complete and detailed listing of the college's programs and completion requirements can be found in the PROGRAMS OF STUDY section of the academic catalog.

Fox College is located at 18020 Oak Park Avenue in Tinley Park, Illinois, in south suburban Chicago. A description of the college's educational facilities can be found in the academic catalog. The general location and facilities are described in the GENERAL INFORMATION section, and the libraries are described in the STUDENT SERVICES section.

A list of the Fox College faculty, including the librarian, can be found in the academic catalog in the

ADMINISTRATION, FACULTY, AND STAFF section. This list includes the academic credentials held, the name of the institutions awarding the credentials, and the area of teaching specialization for each listed faculty member.

Transfer of Credit Policies

Transcripts of work completed only at institutions that are either accredited by agencies recognized by the United States Department of Education or recognized by their respective government as institutions of higher education, for internationally-based institutions, may be submitted to the Chief Academic Officer for review. Transcripts should be submitted during the first term of a student's program. Credits considered for transfer are evaluated by the Chief Academic Officer to determine if the course work is similar in nature, content, and level to that required at Fox College. If the course work is comparable, transfer students may be given credit for courses completed at other accredited colleges, provided the grades received for the courses were "C" or better. However, in the case where a program has been separately accredited by a specialized accreditor and that accreditor requires the credential-granting institution to certify student competency in specified skill areas, course work will not be evaluated and transfer credits will not be awarded for any courses that contain skill evaluations and certification. Because programs at Fox College are specially tailored to career preparation, course credits from other postsecondary schools may not be transferable.

A maximum of 25 semester credits will be accepted in transfer for students transferring credit who have less than a bachelor's degree. Students who participated in the Advanced Placement program in their high schools may be granted credit provided they had scores of 3, 4, or 5 on the Advanced Placement tests. Fox College does not grant life experience credit and does not accept transfer credit earned from any of these sources at another institution.

The acceptance of credits is always at the discretion of the institution to which a student is attempting to transfer credits. There may be articulation agreements in place at the time the student enters that may not be in place when the student graduates or desires to attend a particular school. A current list of the institutions with which Fox College has established articulation agreements is available in the office of the Chief Administrative Officer. Because programs at Fox College are designed specifically for career preparation, students must assume that credits for courses taken at Fox College are not transferable to other institutions. Neither Fox College nor any of its employees can represent that another institution will accept any courses for credit.

The Fox College credit transfer policies and procedures can be found in the ACADEMIC INFORMATION section of the academic catalog.

Examples include clinical, externship, fieldwork, or practicum courses.

California is not part of NC-SARA. As an out-of-state private institution, Fox College is not under the purview of the California Bureau of Private Postsecondary Education. Fox College is not in compliance with California regulations to offer online/distance learning programs to California residents.

Fox College requires students to be present on-campus at the time of enrollment and to maintain a physical location in Illinois or a state participating in NC-SARA. In all but the most extreme circumstances, students will be taking on-campus courses each week and will be required to be present on-campus for those classes. If a student moves to California or outside the United States, the student must withdraw by notifying the CHIEF ADMINISTRATIVE OFFICER or the CHIEF ACADEMIC OFFICER either verbally or in writing.
